Incremental Bullet Points

- Writing just dashes can form incremental bullet points
- They appear one by on in order to emphasis points
- A simple symbol insertion can block incremental bullet points

Disrupting Incremental Bullet Points

- A little forward carrot keeps the bullets from appearing

Disrupting Incremental Bullet Points

- A little forward carrot keeps the bullets from appearing
- Instead they all stay on the screen at the same time

Disrupting Incremental Bullet Points

- A little forward carrot keeps the bullets from appearing
- Instead they all stay on the screen at the same time
- The carrot locks all of the bullets on screen, unlike regular dashes

Inserting a picture

Adding a picture in center can be done like so

Using R Outputs

A random scatter plot should appear below:

Creating Colored Text

- This is supposed to be purple

Creating Colored Text

- This is supposed to be purple
- Green is my favorite color

Creating Colored Text

- This is supposed to be purple
- Green is my favorite color
- Orange is bright

Inserting Photos on a Coordinate System
